INTRODUCTION

R. L. POLK & CO., publishers of the Bellingham and Lynden City Directory, as well as more than 750 other city, county, state and national directories, present to subscribers and the general public, this the 1941 edition of the Bellingham and Lynden City Directory.

Confidence in the growth of Bellingham and Lynden industry, population and wealth, and in the advancement of its civic and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting them to the world.

The enviable position occupied by R. L. POLK & CO.'S directories in the estimation of the public throughout the country, has been established in rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Bellingham and Lynden Directory will fulfill its mission as a source of authentic information pertaining to the city and county.

Seven Major Departments

The several essential departments are arranged in the following order:

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Bellingham is included in pages 11 to 411. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Bellingham, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BELLINGHAM DIRECTORY OF HOUSEHOLDERS, Tenants of Office Buildings and other business places and Street and Avenue Guide, on pink paper, pages 413 to 524.

THE LYNDEN ALPHABETICAL LIST OF NAMES of residents, business firms and corporations will be found in pages 527 to 560.

THE BUYERS' GUIDE, beginning opposite page 560 and separately paged from 1 to 36, printed on Goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests in Bellingham. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and as such, merits a survey by all buyers eager to familiarize themselves with sources of supply. The city's activities, in many

interesting phases, are authentically pictured. In ambitious and progressive-communities like Bellingham and Lynden, the necessity of having this kind of information immediately available is very great, and frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 561 to 646. This department lists the various manufacturing, mercantile and professional interests of the cities in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

THE WHATCOM COUNTY RESIDENTS DIRECTORY extends from pages 647 to 673.

THE BELLINGHAM RURAL ROUTES DIRECTORY, an alphabetical list of all box holders on the rural routes served by the Bellingham Post Office, appears in pages 675 to 696.

Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Bellingham and Lynden, for business men, everywhere, realize that the city directory represents a community as it really is.

The Bellingham Directory Library

Through the courtesy of the publishers of the Bellingham and Lynden City Directory, a Directory Library is maintained in the Office of the Bellingham Chamber of Commerce, for free reference by the general public. This is one of over 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

Fire department employs 45 men, with 2 autos, 3 engines and 2 hose and chemical wagons and 1 hook and ladder truck, in 3 station houses. Value of fire department with property, $130,357.74. Police department has 30 persons with 1 station and 6 pieces of motor equipment. Value of police department, with property, $19,000.00.

Bellingham is the county seat of Whatcom County. It is situated on the northeastern shore of Bellingham Bay, 88 miles north of Seattle and 53 miles south of Vancouver, B. C. Bellingham is a port of customs entry. It is an important shipping point for lumber, canned salmon, dairy and poultry products and canned fruit for domestic and foreign commerce. It is an outfitting point for northern salmon canneries, one of which operates a fleet of steamers to Alaska points from Bellingham.

Bellingham Harbor, around which the city is built, is one of the best land-locked harbors on the Pacific Coast. It is about two miles wide (from east to west) and about four miles long. Its dockage facilities are sufficient to accomodate even the largest vessels.

Scenic Attractions

Chuckanut Drive, "The most beautiful stretch of marine highway between Mexico and Canada;" Lake Whatcom Boulevard; Lummi Shore Drive, around the Lummi Indian Reservation; Shehome Hill, altitude 700 feet, within the city limits, and affording an air view of the whole city; Whatcom Falls; Elizabeth and Memorial Parks—these are some of the most attractive scenes in and immediately around Bellingham. Some of the San Juan Islands may be reached by daily ferry-boat service.

"The Gateway to the Mt. Baker National Forest"

Mt. Baker, perpetually snow-capped, altitude 10,827 feet, 60 miles east of Bellingham, is the outstanding scenic attraction. Numerous persons climb to its summit each year. Mt. Baker is readily accessible from Bellingham. A good automobile highway 62 miles in length begins at Bellingham and terminates at Austin Pass. There (altitude 4,200 feet) the people of Bellingham have built MtBaker Lodge, a distinctive mountain resort, for the accommodation of visitors and tourists.

Practically all the various church denominations are represented in the city, as reference to the classification "clergymen" in the classified section in the back of this directory will show.

Business and Farming Opportunities

This brief outline cannot deal with opportunities pertaining to business or agriculture; for these we respectfully refer you to the Bellingham Chamber of Commerce, which, we are assured, will gladly answer all reasonable inquiries.

ON EARTH

The Advertised and the Unknown

A perfect gentleman may be hidden beneath the rags of the homeless and nameless man who comes to your back door. It is possible, but not probable, for if he were, he would produce some identification.

In the stores, unknown and unadvertised goods that are offered may in the same way be of as good quality as the advertised articles, but if they are, would not the manufacturer be proud to make the facts known to the world?

The advertisements in these pages are those of business institutions who are glad to proclaim the articles they sell or the services they offer. Bring into your home only those articles whose merit is known and vouched for.

POLK'S BELLINGHAM Directory of Householders

Occupants of Office Buildings and Other Business Places

Including a Complete

Street and Avenue Guide

1941

Copyright, 1941, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The symbol Δ preceding a name indicates there is a telephone at the residence, place of business or institution so marked.

TRADE! You Like

to patronize those concerns who are in business to stay.

●

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

LIST OF NAMES

ANY BUSINESS—ANY LOCALITY

Accurate and Up-to-the-minute

We publish over 750 Directories—City, County, State, National and Trade. We furnish real live up-to-date lists of all trades and professions.

As directory publishers we frequently have available for lists the manuscript copy from which directories are being compiled, and thus you may secure information in advance of publication, a service that cannot be had elsewhere.

We have no trade lists—our information is taken from the latest sources, and above all things is accurate.

The CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves a great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

"The DIRECTORY IS THE COMMON INTERMEDIARY BETWEEN BUYER and SELLER"
R. L. Polk

The Guide Post to the City.

The Alphabetical Section---

A guide to the population, its activities and addresses.

The Buyers' Guide---

To the commercial, professional and industrial interests.

The Classified Section---

A guide to the many business interests, arranged under typical headings.

The Householders' Guide---

A guide to the streets and avenues and the residents and tenants thereon.

Is Never Further Removed From You Than the Nearest City Directory

Anything and Everything you might wish to learn as regards the civic, social, commercial or industrial life and phases of the community is therein, at your finger tips, in a concise, correct, non-partisan, and detailed manner. The information is completely standardized in order that it may be just as easy for you to find what you wish to determine in any City Directory, as in the Directory of your own city.

For free access to the books of other cities visit the nearest City Directory Library. A list of the City Directory Libraries, together with a privilege card will be sent you upon request to

R. L. POLK & CO.

POLK DIRECTORY BLDG.

431 HOWARD ST. DETROIT, MICH.

This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.
